Star Ratings:

BauerFinancial star ratings classify each institution based upon a complex formula factoring in current and historical data. The first level of evaluation is the capital level of the institution followed by other relevant data including, but not limited to: profitability, historical trends, loan delinquencies, repossessed assets, reserves, regulatory compliance, proposed regulations and asset quality. Negative trends are projected forward to compensate for the lag time in the data. BauerFinancial employs conservative measures when assigning these ratings and consequently our analysis may be lower than those supplied by other analysts or the institutions themselves. More than thirty years of experience has shown this to be a prudent course of action. As a general guideline, however, the following groupings were used:

5-Stars	Superior. These institutions are recommended by Bauer .
4-Stars	Excellent. These institutions are recommended by Bauer .
3½-Stars	Good.
3-Stars	Adequate.
2-Stars	Problematic.
1-Star	Troubled.
Zero-Stars	Our lowest rating.
Start-up	Institution is too new to rate.
FDIC	Institution has failed or is operating under FDIC conservatorship.
